

Feature	Specification
Inverter/Charger:	5KVA Victron Inverter-Charger (+gen.in)
Solar PV Size:	3.2KW Trina Solar Panels (CEC App'd)
MPPT/Controller	Victron 150/60 MPPT, Cerbo GX Ctlr
Battery Capacity:	11.5KWh Lead Carbon batteries
Battery Chemistry	AGM/Lead Carbon (DOD: 100%)
Installation Options:	Self-installed*, We install, Partner installed
Other Components:	Quality cables, fuses, controllers, signage
Designed for:	AS4509, AS5139, AS5033

\* Electrical Work NOT DIY

3.2KW Trina Solar Panels

Off-grid System Enclosure  
600Wx800Hx400Dmm  
K28.5000.G.115

System Arrangement  
Generator/Grid input Option

## Warranties, Terms & Conditions

For supply and project management: Deposit 35%, balance to be paid before supply, or as quoted. Installation options as above, or as quoted. If applicable, ecoCool will obtain the RECS rebate on your behalf, and pay you. For estimate of the RECS rebate see <https://www.rec-registry.gov.au/rec-registry/app/calculators/sgu-stc-calculator>, certificate value is variable: historically \$35-38. Solar Rebate requires CEC approved off-grid installer, with off-grid accreditation. See <https://www.cleanenergycouncil.org.au/consumers/buying-solar/find-an-installer>

Warranty - to be standard Manufacturers Warranty: 5+5 years for Fronius Inverters & 5 years for Victron, 5/10 years for lithium batteries (cycle life warranty), 10yr Product /25yr Output for Trina panels, or see Warranties details of specific product. See final quotes for Terms & Conditions of supply of equipment and installations. All 240V AC work to be completed by a qualified electrician (NOT DIY), except as allowed by local rules.
